March, 2007

Dear Principal

Re: Sydney Peace Foundation Schools Peace Initiative

In honour of its tenth anniversary year, the Sydney Peace Foundation will launch its online *Schools Peace Gallery*.

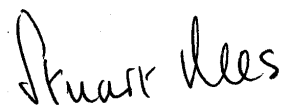

The *Schools Peace Gallery* aims to showcase 'peace with justice' projects initiated within schools and communities.

In sponsoring this initiative the Sydney Peace Foundation, in partnership with Members Equity Bank, acknowledges the significant efforts of young people to foster an understanding of peace in schools and communities.

The Schools Peace Initiative online gallery invites peace projects from year 10, 11 and 12 students from both the public and private sector and from urban, rural and remote areas in New South Wales. Further information is available from the Foundation's website: www.sydneypeacefoundation.org.au

We warmly welcome your schools participation in this significant initiative.

Warm regards

Professor Stuart Rees
Director
Sydney Peace Foundation
